

DYMOL

Á&Zs
HOLDING

COMPLETE CLEANING TECHNOLOGY ECOSYSTEM

Chemical manufacturing, cleaning equipment, robotics,
and trained service delivery — from a single partnership.

DYMOL

Chemical Manufacturer · Est. 1982 · Hungary

Á&ZS HOLDING

Equipment · Robotics · Wholesale · Service · Training

THE CONCEPT

One Partner. One Supply Chain. Every Step Covered.

International cleaning projects usually mean coordinating several separate vendors — a chemical supplier, a machine distributor, a tool provider, and a training partner. The DYMOL × Á&Zs Holding partnership replaces that complexity with a single, coordinated source: formulated chemistry, professional equipment, robotics, and hands-on training, delivered together and adapted to local market conditions.

DYMOL

THE CHEMISTRY

- Formulated cleaning & disinfection chemicals
- Household and industrial product lines
- Private-label / contract manufacturing
- 40+ years of formulation experience

Á&ZS HOLDING

THE DELIVERY

- Professional cleaning machines & robotics
- Professional cleaning tools & wholesale supply
- Trained service teams & operator workshops
- Sales, rental, maintenance & support

Two specializations. One coordinated offer for international partners.

Cleaning Chemical Manufacturer

Kistarcsa, Hungary · Family-owned since 1982

DYMOL's story began in 1982 as a small garage workshop producing car-care products. By 1986 the company had expanded into household chemicals, and in 1991 it took the DYMOL name it carries today. Four decades on, it manufactures on an 1,800 m² site, producing roughly 50 household chemical products and 44 cosmetic/personal-care items — plus formulated solutions for private-label and contract manufacturing.

BRAND PORTFOLIO

Dymosept

Chlorine-based disinfectants & surface cleaners

Dymol Professional

Concentrated formulas for industrial-scale use

Kata

Streak-free glass & window care

ZUM

Universal cleaners, stain removers, laundry & kitchen care

Well Cosmetics

Liquid soaps, shampoos & shower gels

Nature Green

EU Ecolabel-certified eco-conscious line

Contract & Private-Label Manufacturing

From formulation to finished, packaged product — built for partner-specific requirements.

Five Specialized Companies. One Coordinated Technology Group.

Á&Zs Holding brings together equipment distribution, chemical & hygiene wholesale, industrial cleaning robotics, and hands-on cleaning service under one group — giving international partners a single point of coordination for machines, consumables, robotic deployment, and trained people.

SH-ITB KFT. *Hako* takarítógép képviselő

SH-ITB KFT.

Exclusive Hungarian representation of Hako cleaning machines and TTS professional tools. Sales, rental & servicing.

shitb.hu

HIGIGURU

B2B wholesale of cleaning chemicals, equipment and paper hygiene products for resellers, hotels & facilities.

higiguru.hu

GLANZ PAPIR NAGYKERESKEDÉS

Hygiene & paper goods wholesale — the same distribution profile as HigiGuru, extending group supply capacity.

glanzpapir.hu

IPARI TAKARÍTÓ ROBOT

Gausium autonomous cleaning robots — sales, deployment and ongoing operational management.

iparitakaritorobot.hu

Hako Machines. TTS Professional Tools.

SH-ITB Kft. is the official Hungarian representative of Hako (Germany), covering the full range of walk-behind and ride-on scrubber-dryers, sweepers, combined sweeper-scrubbers and autonomous cleaning robots — plus TTS professional hand tools and service carts, Oertzen high-pressure washers, and partner brands including Vileda Professional, Vermop and Kwazar. Sales, rental and nationwide servicing are handled directly by SH-ITB, with parts available from stock.

HAKO WALK-BEHIND SCRUBBER-DRYER

HAKO RIDE-ON SWEEPER

TTS PROFESSIONAL HAND TOOLS

- Mop & wringer trolleys
- Multi-function service carts
- Disinfection wiping systems
- Window cleaning tools
- Floor squeegees
- Waste & spider-web tools

FINITO — The Group's Own Paper Brand.

HigiGuru and Glanz Papír Nagykereskedés both wholesale hygiene and paper products — toilet paper, kitchen towels and napkins, plus household and industrial cleaning chemicals and workwear — to resellers, hotels, offices and institutions. Both companies distribute FINITO, the group's own exclusively-held paper brand, sold in a Professional line for high-traffic washrooms and a Household line for standard use. Both lines carry EU Ecolabel certification.

Toilet Paper · Kitchen Towels
· Paper Towels

Professional & Household lines
EU Ecolabel certified

PROFESSIONAL LINE

Wall-dispenser format, high capacity,
built for high-traffic institutional use.

HOUSEHOLD LINE

Boxed, multi-roll packs for standard
holders — home and small-office use.

WHOLESALE RANGE

- Hygiene paper (Tork, Katrin, Doma, FINITO)
- Cleaning tools, mops & carts
- Household & industrial cleaning chemicals
- Workwear & PPE (gloves, aprons, hairnets)

Gausium Robots.

Autonomous, 24/7 Cleaning.

Ipari Takarító Robot is the official Hungarian distributor of Gausium autonomous cleaning robots — a global market leader deployed at Heathrow Airport, on the Network Rail station network, and in 200+ Rossmann stores. The distributor's own background in servicing, renting and selling traditional industrial cleaning machines underpins the robotics offer: sales, rental, and on-site demonstrations, with Hungarian-language software, documentation and support throughout.

Water savings with filtration system

24/7

Autonomous operation, no supervision needed

ROBOT LINEUP

Scrubber 75

Flagship – 3,000 sqm/h, 750mm scrub width, 20+ sensors. Medium-large industrial floors.

Scrubber 50

Most popular – fully autonomous self-charging, auto-refill and detergent dosing. Small-medium areas.

Phantas

4-in-1 – the industry's smallest fully autonomous robot. Offices, hotels, retail.

Vacuum 40

H13 HEPA filtration, 24 kPa suction, 18h runtime. Hard floors & carpet – hotels, healthcare.

Gausium Beetle

New – 3D LiDAR sweeper with warehouse roll-door integration & edge-to-edge sweeping.

Global references: Heathrow Airport – Network Rail – Rossmann (200+ stores)

Proven technology, backed by traditional-machine service expertise.

Equipment Alone Isn't Enough. People Make It Work.

Glanz Papír Clean Kft. is Á&Zs Holding's own professional cleaning service company — operating industrial and commercial cleaning contracts since 2011 with trained in-house crews. That operational experience is what turns machines and chemicals into a working cleaning program: the same expertise can be transferred abroad through hands-on workshops and operator training, alongside the equipment itself.

SERVICE GUARANTEES

Dedicated Contact

One accountable person – never a call center.

Zero-Downtime Guarantee

Every cleaner has a ready substitute.

Free Re-Cleaning

Any issue resolved promptly, at no charge.

Unlimited Liability Cover

Full responsibility for damage caused, no cap.

01

Machine & Robot Operation

Correct use, maintenance and daily operation of Hako machines, TTS tools and Gausium robots.

02

Chemical Application

Safe handling, dosing and correct use of DYMOL formulations for each surface and use case.

03

On-Site Workshops

In-person training delivered at the partner's own facility, in their own operating context.

HOW IT COMES TOGETHER

From Formula to Finished Program.

● CHEMISTRY

DYMOL formulates and supplies the cleaning and disinfection products.

● EQUIPMENT

Á&Zs Holding supplies machines, tools and cleaning robotics.

● TRAINING

Glanz Papír Clean delivers hands-on operator workshops.

● OPERATION

The local partner runs a complete, working cleaning program.

A single, coordinated cleaning technology partnership —
built for international deployment.
